

You ruined a great beauty with those tattoos.  
If we raise our daughter properly, she will  
redeem you.

**"You don't seem so  
amazing and neither am I?  
all I'm saying is, we can be  
amazing together...  
Come!" grab her hand and  
move**

**Hey there neighbor, just coming back from a game of golf with your husband. Oh where is he? Well he's definitely NOT in a bag in the back of my trunk hahahaha. Say I think he said he's going out of town tonight, want to come over and have dinner? I make a great steak**

**I say "lovely garden!" She might reply, "Thanks!" If she's foolish enough to fall into this trap, I then engage to see what she's growing and if she would like any of my compost. I made a lot this year, too much, more than my raised beds of veggies needs.**

**M'lady, will you accompany me to  
Chester.E.Cheese home tonight? There  
shall be merrymaking, finest of pizza and  
freshest of soda(aged of course) to  
perfection. Of course your tokens will be  
compensated for by me. Shall we say...  
12pm?**

**"Hate to break it to you, but your cute little garden violates HOA guidelines. I have the connections to make them look the other way, but it's gonna cost you dearly. Don't worry though, you'll at least get plenty of fertilizer out of the deal."**

**I ask her if she'd care to dance. She accepts. We slowly meander to the dance floor. The lights dim and Alicia keys plays sensually in the background. We slow dance. I lean in. We experience true love's first kiss. The trick? I asked the DJ to play Alicia keys. Checkmate**

**"I will give you \$500 right now to let me see your toes"**

**Waft my pheromones and natural musk in her direction. Dominantly throw some bird seeds at her head as she's dressed like some kind of parakeet. She's insulted but aroused. She flags me as a man who's not afraid to take charge and be daringly playful. I hand her my business card.**

**Hey girl, you are beautiful I like you. I know it's strange or you can call it crazy or whatever... but can we have a chat???**

**Walks up to her in slow motion, make her feel like the main character in a movie.  
"you know, I've dated many different ladies with that dress. There's this zipper in the back— You know, there might be another way to 'rip it off" Walk away, remain eye contact**

**If she's giving you choosing signals, you could say that you know her from somewhere. Ask if she's from your hometown. Even if she's not it opens up the conversation and you could say "Oh well what's your name?" It's like you can't lose in that situation.**

**First, I look her up and down. I make sure she notices me, my blue orbs flitting gently away the moment she looks at me. I bite my lip. This will entice her into approaching me. When she walks up, I smirk. "Nice clavicle. Need a bed to sleep in tonight?" We have sex 1 hour later.**

**I tell her how beautiful she is, and casually mention that beautiful girls like her wouldn't go for a guy like me. She then will blush and respond "maybe I would, handsome". I then go back to my lair and begin plotting how to make her mine (using a storyboard).**

**Seems at almost every beautiful corner,  
there's always something stunning near  
by... I think I just found one for myself.  
What's your name dear?**

**I throw i whole bottle of water on her. Her: wtf is wrong with you?? Me: sorry i was trying to cool you down, you're way too hot ;) Her: oh haha thanks i guess I take off my XXL tshit and hand it to her: you can have it... Keep talking about the weather or something idk**

**Hey beautiful, fancy a game of pool? 'Sure, why not' Shall we make it interesting? Say \$5 a game? 'Sounds fun...' (flirty smile) \*I pull out my own personalised cue and beat her 37 times consecutively to win \$185\* (she's crying)**

**I would sound like the biggest creep, until she realised I was talking to the meat.  
"Ohh, looking juicy there... smells amazing... so hot..."**

**Don't worry, if I see you  
drowning I'll be sure to give you  
mouth to mouth (wink)**

**Don't worry, if I see you  
drowning I'll be sure to give you  
mouth to mouth (wink)**

**No way you open unless she smiles at you and then quickly looks down and away submissively, that's the look you want.**

**"Wow, your smile compliments your supple breasts very nicely" \*she gets wet\* "I COULD save you if you were to fall in. But, I'd have to give you cpr. That might make me hard, does that make you uncomfortable?" She blushes: "actually, I think that's attractive"**

**Sneak up and tip her chair over. She lands in the water and starts choking. I jump in and use my lifesaver and pull her out of the water. I ask if she needs CPR and before letting her finish her answer I start to give her mouth to mouth sensually. I hand her my business card.**

**"Hello young lady, I am an authentic man. I would love to go on a date today."**

**Hey. I was given the lifeguard job because of my willingness to eat sand so that it wouldn't bother the local hotties. This means I can do this \*downs her so I can save her by making out with her\* AM I DOING THIS RIGHT SEDUCER GOD?**

**You have a pretty face young lady. The pink highlights in your hair bring out your smile. I know something else that I'm sure is pink that we can explore. What do you say after this tanning period we head back to my place?**

**“hey look over there!” as i point behind her. after she turns around, i shove her into the water and hold her down. just before she reflexively gasps for a breath of water, i pull her up. “NEVER let your guard down around water.” full of gratitude, she offers me her email address**

**What a great  
horizontal smile, now  
show me you're  
verticle one.**

**While working on  
plants is a good  
workout, you can have  
a better workout alone  
with me in bed**

**Hey there neighbor, just coming back from a game of golf with your husband. Oh where is he? Well he's definitely NOT in a bag in the back of my trunk hahahaha. Say I think he said he's going out of town tonight, want to come over and have dinner? I make a great steak**

**I boldly approach and sprinkle croutons on the plant. We laugh and she begins to swoon, but she doesn't become fully hypnotized until I pull a bottle of ranch out of my front pocket and neatly wrapped silverware from my sleeve.**

**you like plants huh  
good thing i im a  
plant**

**why hello there lady haha, i noticed you were bending over to put that plant over there haha, it seems you do not know the ways of correctly bending over \*winks winks\*, if you would like me to, i will take you to my bedroom and show you the CORRECT technique of the bendening over**

**Walks up to her in slow motion, make her feel like the main character in a movie. "you know, I've dated many different ladies with that same tinker bell dress. There's this zipper in the back— You know, there might be another way to 'rip it off'" Walk away, remain eye contact**

**i slide up to her with a smirk. "too bad you're wearing all green, i would've given you a pinch ;)" she's confused (woman mind). i continue while licking my teeth "yk, for saint patty's" she smiles in horniness and begins leaking.**

**Me: I couldn't help but notice your inviting stance. Her: [giggles] Oh, you noticed? Me: You know, I am fluent in nine languages, but the most important one is love. Her: [flushed] Love? Tell me more. [Her knees weak] Me: I'd \*love\* to [wink].. at my penthouse. Come with, m'lady?**

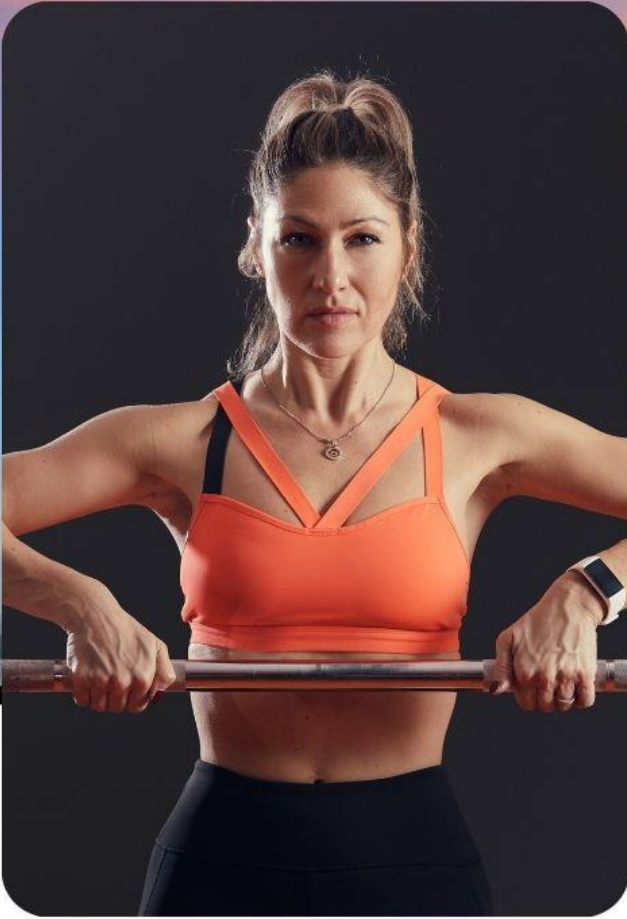

**Hey, emm, I saw u from over there, when I was tryna weight lift. Trust me having a look at u, made me not to focus this morning, probably because u bought my whole attention with beautiful eyes. Reasons I came close so, I could get to loose my entire focus, and focus just on u.**

**The way you looking at me...You're filling my belly with butterflies. Tryna loose weight here ya know...Well, thats ok. i know how you can be part of the solution instead of the problem. Lets go back to mine, ill show you what a real workout is.**

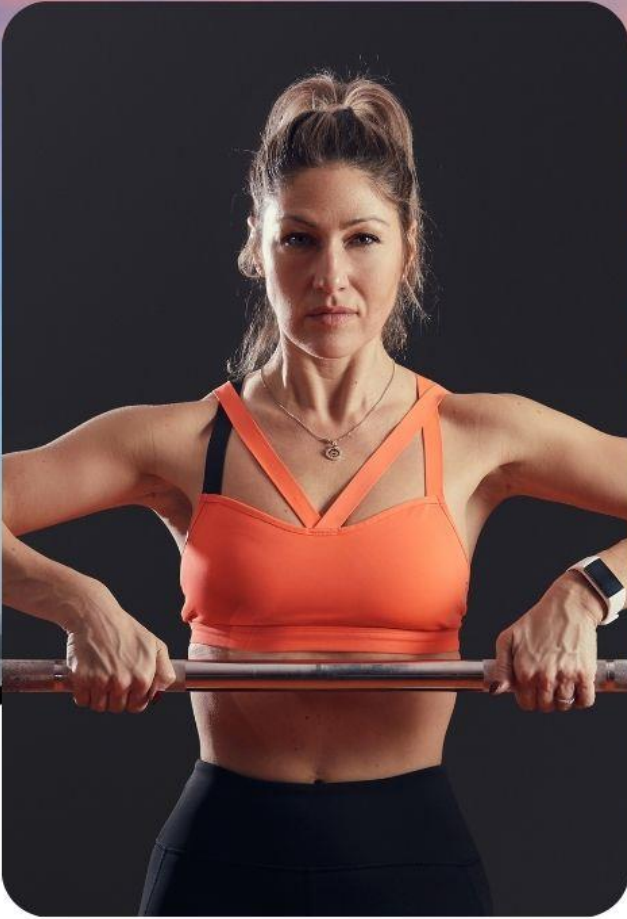

**I twiddle with the ends of her hair from behind until she notices. She's ready to freak out until she smells my natural musk and pheromones. She refrains. She sways her hips side to side up against my leather belt and Armani slacks, biting her lip. I hand her my business card.**

**"We're you sent down from heaven? No not because of the arrow pointing up but because you are intoxicatingly beautiful. Hi I'm AlphaGod642, and if you're looking for someone who is as molded in gods image as yourself, you've come to the right place."**

**I run next to her "You know putting olive oil on your breasts will firm the skin and muscles?" I've now caught her attention "What?" She says "I notice that you clearly care about your physique, I thought I'd help with a tip." and smile and introduce myself.**

**"jogging...so much stress on your joints. have you looked into other forms of cardio?"**  
**\*inquisitively\* "like what?" "oh i don't know...how about i take you out to dinner first and then maybe i could instruct you further on some workouts? i'm very hands-on with my teaching" \*wink\***

**Me jogs by her: didn't woman could jog without a little breast jiggle Her: \*supresses a smile\* "didn't know a man could jog as slow as you. Me: well let me tell you, I am good at being slow and fast in EVERY aspect of life. Her: \*laughs and gives me her phone number\***

**Hey there. You may think I'm jogging as well but I'm actually just depressed and waiting for a car to hit me. Wanna bang?**

**I wait for her to order. Right before she does I jump in "She will have the salad, hold the dressing." Then I'll introduce myself and ask her to sit with me & my burger. Women love when you take charge and make decisions for them!**

**Me: my dear god! Woman, are you Aphrodite reincarnated? You have a face crafted by the gods... or the finest surgeons Her: would you like to feel my silicon? Me: your breasts, your lips, or your butt? Her: all of the above Me: \*internal monologue\* another classic pick up**

**Me: it looks like you'll need a hand for those hard to reach places \*extends hand\* Her: \*blushes\* oh sir, that would be lovely Me: \*gently caresses her ass\* say why don't you come back to my place to freshen up \*flashes keys of my Tesla\* Her: I thought you'd never ask, sir**

**Why relax on that tree when you can relax in my arms? \*she is sad because she is graduating\* I know that graduating makes you lose friends, but you can also make new ones, maybe even a lover. Hi I'm the man of your dreams, nice to meet you \*I then bow gracefully\***
